VERMONT NEWS.

ATTEMPTED SUICIDE.

Frank Carlson, who formerly worked in Fowler for several years, a brother of Hermon Carlson of Rutland, attempted suicide one day last week and has been removed to a retreat in the vicinity of Montreal. But few of the facts have been obtained by the man's brother, but he received a letter from a Canadian saying that Frank Carlson was a patient in a retreat there. He had tried to cut his throat with a razor. Mr. Carlson left Fowler several weeks ago, expecting to take up work in Canada.

DROWNED IN CONNECTICUT RIVER.

Patrick McCarty, said to be of Northampton or Holyoke, Mass., was drowned in the Connecticut river about 8:30 o'clock Monday night just north of the Brattleboro-Hinsdale bridge. McCarty and two companions, Dennis Riley and George Gonyer were sitting in the rear of the gas house near Brattleboro village on the embankment wall overlooking the Connecticut river. All of the party had been drinking and Riley claims that McCarty suddenly plunged forward off from the bank wall into the river. Boats were pressed into service to search the river but at 11 o'clock no trace of the body had been found.

FARM BUILDINGS BURNED.

All the farm buildings except the house on the large farm of Mrs. Frank F. Freeman about a mile above Essex Center were destroyed by fire early Saturday afternoon. The loss will amount to several thousand dollars, partially covered by insurance. One of the six barns, all connecting, was struck by lightning, and the fire spread rapidly. Twenty-two tons of hay were lost. The fire department from Essex Junction and from Burlington sent aid, the auto truck coming from the latter place. The efforts to save the house were successful although much damage was done to it. The barns were old buildings and had been connected by various occupants of the place. They were but recently filled with hay. The farm was run by Leon Busker.

D. & H. STATION AGAIN ENTERED.

For the third time this summer the Delaware and Hudson railroad station in Fair Haven was broken into Saturday evening. Nothing of value was taken, the burglars being disturbed before they had completed the job. One man, a stranger, is under arrest. At 6:45 o'clock while the employees at the station were at supper two boys, who were seated on the south side of the station, heard a commotion inside and upon investigating, the doors to the waiting room being unlocked, found two men in the ticket office. The men made a dash for the door and ran up the track, one of them boarding a passing freight train which was bound for Whitehall. The boys at once gave the alarm and Officer Lewis Howard began work on the case, the boys giving a good description of the man who failed to board the freight.

HISTORIC FLAG INCIDENTS

The Spirit of '76

THIS picture is more than an incident, it is an Inspiration. It depicts the spirit which, in the trying days of our young Republic, moved men, for sheer love of Liberty and love of Country, to march unflinchingly and carry the Flag of Freedom in the face of almost certain death. Liberty was the slogan of these men—Liberty, with Death as the only alternative.

THIS is Patriotism, and Patriotism of this sort isn't dead. It but requires an OCCASION when it will be found that the American spirit—the Spirit of '76—will blossom forth as strong and virile as ever it did in the darkest days of the Revolution.

There are many occasions upon which you can show YOUR Patriotism. Not, perhaps, by deeds of blood and glory, but you can, by a simpler and yet effective way, show that the spirit of '76 is alive in YOU.

On every National, State or Civic Holiday you can
